

PROUDLY MADE IN AMERICA

625 HF Series High Flow Cartridges

All elements are 5 layer construction for maximum pleat support and dirt loading.

- AMBF offers the highest grade, 90% and 99.98% efficient elements on the market today
- · Our media is manufactured in-house under strict guidelines to ensure consistency and maximum dirt loading
- In-house lamination and calendaring of our medias allow us to control the final media grades
- Complete in-house testing with a Capillary Flow Porometer guarantees a superior and consistent product
- With 8 micron ratings and multiple lengths and 4 end cap configuration to ensure we produce the element you require
- Elements have thermally bonded end caps and ultrasonic welded media seams for a one piece construction
- Final, one piece construction up to 40" long ensures zero bypass
- We install the maximum amount of media in each filter without pleat binding for increased dirt loading capacity
- Elements are 100% polypropylene—media, inner and outer supports mesh and end caps
- Elements meet FDA Title 21 regulations for food and water contact
- Cartridges are constructed in a clean room environment
- Cartridges may be ordered as final rinsed with 18 mega ohm water
- We offer inside out OR outside in flow pattern for your specific housing application.
- Longer service life equals reduced maintenance and downtime

Please call with all of your applications (219) 866-3500

Mater	ials of Construction	Dimensions (nominal)					
Filter Media:	Filter Media: Polypropylene Melt Blown		6.25"				
Core:	Polypropylene	Lengths:	20", 30", 40", 60", & 80"				
Netted Outer Cage:	Polypropylene						
Support Material:	Polypropylene						
Sealing:	Thermal Bond						
Gaskets/O-Rings:	Buna N, Viton®, Teflon®, Silicone, Neoprene & EDPM						
		Performance Specifications					
		Retention Ratings of 90% and 99.98% at: 1, 3, 5, 10, 25, 50 & 100 micron					
Operating Conditions		FDA Listed Materials					
Maximum Differential Pressure: 50 psid @ 180°F, 82°C		Manufactured from materials which are FDA listed for food contact applications in Title 21 of the U.S. code of federal regulations					
	Toxicity	Purity					
AMBF's Cartridges are manufactured with no additives or other manufacturing agents. We guarantee all materials used in the production meet FDA Title 21 of the Code of Federal Regulations 174.5 and 177.1520.		Cartridges are Free of Surfactants, Resins, Binders and Adhesives					
Sterilization
